## **Partner PROgram**

Super Shoes offers a cost-free Partner PROgram to qualifying businesses. This program allows your employees to select and receive product based upon your specifications. We then invoice your company directly for the subsidized amount, relieving you from processing various reimbursements to your individual employees. Super Shoes can provide vouchers for your company's use so that only authorized purchases are invoiced while keeping your account secure.

Take full advantage of the services offered by Super Shoes. Your employees can purchase products at any Super Shoes location - and we will invoice your company directly saving you and your employees time and money.

To set up your program, please contact us at the information below to discuss your needs. We look forward to outfitting your team for success.
